(57) **CLAIM**

The ornamental design for the “prescription greeting card”, as shown.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of the prescription greeting card in a folded position that shows my new design within;

FIG. 2 is a perspective view of the prescription greeting card in an unfolded position with the RX Greetings design on the lower panel of the card;

FIG. 3 is a back view of the prescription greeting card in a folded position;

FIG. 4 is a front view of a second embodiment of the prescription greeting card in a folded position;

FIG. 5 is a perspective view of the prescription greeting card in an unfolded position with the RX Greetings design on the lower panel of the card;

FIG. 6 is a back view of the prescription greeting card in a folded position;

FIG. 7 is a front view of a third embodiment of the prescription greeting card in a folded position;

FIG. 8 is a perspective view of the prescription greeting card in an unfolded position with the RX Greetings design on the lower panel of the card;

FIG. 9 is a back view of the prescription greeting card in a folded position;

FIG. 10 is a front view of a fourth embodiment of the prescription greeting card in a folded position;

FIG. 11 is a back view of the prescription greeting card in an unfolded position with the RX Greetings design on the lower panel of the card; and,

FIG. 12 is a perspective view of the prescription greeting card in a folded position.

Material in the several views shown in broken lines illustrates variable environmental material associated together with material shown in solid and forms no part of the claimed design.
